Frankie Says:

This fun activity lets your child use her knowledge of the alphabet to discover the "mystery word." First, think of a simple word such as *dog*. Then write clues like these for each of the letters: "This letter comes after *c*. This letter comes before *p*. This letter comes between *f* and *h*. Then have your child write the letter for each clue, look at the word formed and read it aloud. Repeat the activity with another word.
